

THE DALAI LAMA

ENDORSEMENT

I am happy to give my support to the Get1Give1 Worldwide campaign. I understand it is being organized to enable people fortunate enough to have been vaccinated against COVID-19 to express their gratitude by making a personal donation to enable people in poorer countries to be vaccinated too.

The current global health crisis related to COVID-19 has served to remind us that what affects the whole human family has to be addressed by us all. I have a firm belief in the oneness of humanity and I am convinced that every human being wants to be happy and free from suffering. The solution to worldwide problems is to come together in a spirit of international co-operation and respond in whatever way we can to fulfil the common good.

In keeping with this spirit, in October last year the Gaden Phodrang Foundation of the Dalai Lama donated US \$ 100,000 (One hundred thousand US Dollars) to the COVID-19 Solidarity Response Fund being coordinated by the World Health Organization.

With my prayers,
